Description

**High Voltage Step Up (Boost) DC-DC Converter Module**  
For Nixie Tubes CLOCK, Magic Eye tubes

**Complete Power Solution for your Nixie Clock:**

**6-12v input, regulated 5.6v and 180 DC outputs**

Regulated High Voltage output means no flickering,

constant digit brightness !

If your Nixie tube needs different High Voltage from stated above,

simply adjust one resistor to get new fixed High Voltage!
